# Player

Extends Living Entity.

Status	Description
Status	·
	Marks item use as finished (finished eating, finished drinking, etc)  This status is not required if you want more control on the server side, this basicly finishes the interaction on the client side to decrease the food quantity, arrow quantity,
	But you can trigger these changes manually through other packets or prevent those changes on the client.
9	Examples:
	<ul> <li>Create a 'Infinity Bow' without the first arrow in your inventory constantly changing in quantity.</li> </ul>
	<ul> <li>Create a custom found that is infinite, and prevent the stack quantity from descreasing.</li> <li></li> </ul>
	Note: This works together with the 'Hand data' so this will have to be updated accordingly to 'finish' the interaction manually.
22	Enables reduced debug screen (https://minecraft.fandom.com/wiki/Debug_screen) information
23	Disables reduced debug screen (https://minecraft.fandom.com/wiki/Debug_screen) information
24	Set op permission level (https://minecraft.fandom.com/wiki/Server.properties%23op-permission-level) to 0
25	Set op permission level (https://minecraft.fandom.com/wiki/Server.properties%23op-permission-level) to 1
26	Set op permission level (https://minecraft.fandom.com/wiki/Server.properties%23op-permission-level) to 2
27	Set op permission level (https://minecraft.fandom.com/wiki/Server.properties%23op-permission-level) to 3
28	Set op permission level (https://minecraft.fandom.com/wiki/Server.properties%23op-permission-level) to 4
43	Spawn cloud particles at the player. Sent to a player whose Bad Omen effect is removed to either start a raid or increase its difficulty.
